SUMMARY

Full Stack Developer specializing in MERN Stack and hands-on experience in developing innovative web applications. Eager to leverage coding expertise and analytical thinking to contribute to a forward-thinking technology team.

SKILLS

- ❖ **Programming:** Python, Java, C++ (Intermediate), C
- ❖ **Web Development:** HTML, CSS, Tailwind CSS, JavaScript, Bootstrap, React.js
- ❖ **Backend:** Node.js, Express.js
- ❖ **Database Management:** MySQL, MongoDB
- ❖ **Libraries:** Numpy, Pandas, Matplotlib, Seaborn.
- ❖ **Developer Tools:** Jupyter Notebook, MySQL Server, Git, Github, VScode, MongoDB Compass

EDUCATION

- ❖ E&TC | JSPM's BSIOTR, Wagholi, Pune.   *SGPA***:** *9.26 | 2022-2026(TE)*
- ❖ XII | Dnyanmandir Junior College Ale, Pune.   *61.67% | 2022*
- ❖ X| Shri Ramdas High School, AhilyaNagar.   *89.60%| 2020*

EXPERIENCE

- ❖ Developed a comprehensive understanding of web application architecture and functionality through extensive coursework and personal projects.

- ❖ Engaged in continuous learning and self-improvement in cutting-edge web technologies and frameworks.

PROJECTS

- ❖ **Password Manager:**
  Built a full-stack password manager website using the MERN stack (MongoDB, Express.js, React, Node.js) with secure user authentication, encrypted credential storage, and a responsive, user-friendly interface.

- ❖ **Hospital Management System:**
  Built a system for managing Hospital data with Node.js for connectivity and MySQL for data handling.
  Technologies Used: MySQL Server, VScode, HTML, CSS, JavaScript, Node.js, Express.js.

CERTIFICATION

- ❖ **Python For Data Science**   *Marks: 84*
- ❖ **Database Management System**   *Marks: 60*
